

Projects Seminar 2014 - Istanbul

The *Projects Seminar 2014* organised in Istanbul on **March 4-5** brings together CHIST-ERA projects and CHIST-ERA Research Funding Organisations (RFOs) to contribute to the exchanges between the projects. The seminar also facilitates the follow-up of the projects by the funders and the review experts. In this context, the objectives of the seminar are:

- Remind the project partners of the *CHIST-ERA Follow-up* objectives and process and more generally about the expectations of the RFOs;
- Gather impression about the funded projects, meet in person and listen to the researchers presenting their projects;
- Strengthen the scientific communities related to the topics of the Call 2010, Call 2011 and the Call 2012 and support effort toward interdisciplinary research.

As a further objective, the seminar will contribute to the global assessment of the CHIST-ERA calls.
