

Conference 2019 Public Consultation

As a very important objective, the conference will aim at collecting the feedback of the research community on the proposed topics for the Call 2019 with a view to identify the promising research priorities that can form the focus of the call. As a reminder the draft topic descriptions can be consulted [HERE](#) ^[1]. To get the conference off to a good start, you can help CHIST-ERA by answering the following pre-conference questions:

- What do you see as the main research challenges in the area of explainable AI (topic 1 of the Call 2019)? Please click [HERE](#) ^[2] to submit your answers
- What do you see as the main research challenges in the area of computation for the environment (topic 2 of the Call 2019)? Please click [HERE](#) ^[3] to submit your answers

And if you have not yet registered to attend the conference, proceed by June 8!

Looking forward to seeing you in Tallinn next June 11-13.
