

CHIST-ERA Projects Seminar 2025 Programme

8 – 9 April, İstanbul

AGENDA

Tuesday 8th April connecting CHIST-ERA science with society (plenary session)

08:00-09:00	Registration and welcome coffee Posters/demos installation
09:00-09:10	Welcome and Introduction
09:10-09:30	CHIST-ERA Achievements and future perspective
09:30-10:10	Open Science
10:10-10:30	Exploitation of the Research Results
10:30-11:00	Coffee break, networking time
11:00-11:50	Funding opportunities (EIC Calls, Horizon CL4, Digital Europe) <i>Followed by Q&A</i>
11:50-12:05	Open slot for Video Dissemination
12:05-12:20	CHIST-ERA Follow-up Process
12:20-12:35	Introduction to parallel sessions
12:35-14:00	Lunch
14:00-16:00	Parallel breakout session I
16:00-16:30	Coffee break, networking time
16:30-18:00	Parallel breakout session II
19:00-21:30	Dinner

Wednesday 9th April – Topic presentations (plenary session)

08:30-09:00	Welcome coffee
09:00-09:10	Introduction/Feedback on parallel sessions
09:10-10:30	Project presentations I (Call 2020, Call 2021, Call ORD)
10:30-11:00	Coffee break, networking time
11:00-12:00	Project presentations II (Call 2022, Call 2023)
12:00-12:40	Roundtable on the future of CHIST-ERA Feedback from the participants Feedback from the SAB Discussions on the follow-up of the projects after a potential end of CHIST-ERA -Final words
12:40	Lunch / End of the Project Seminar 2025

FORMAT OF THE PROJECTS SEMINAR

This year the seminar will take place in İstanbul, Türkiye. The core programme of the Projects Seminar is divided in 2 days; see the agenda on the previous page. Please note that the day 1 plenary session will be live streamed at CHIST ERA [YouTube channel](#) and the video will be publicly available.

Day 1 (Tuesday, 8 April): Plenary sessions on connecting CHIST-ERA science with society in the morning & round tables.

Per Topic Parallel Sessions with project presentations, discussions and preparation of the plenary presentation in the morning of Day 2.

Day 2 (Wednesday, 9 April): Cross Topics Plenary Sessions with one joint presentation per topic.

Parallel Sessions

The parallel sessions are organized by topics or groups of topics to foster exchange of ideas and collaborations among CHIST-ERA projects in the same topic. The final goal is to compile a joint presentation for the Plenary Session.

- Parallel Session I: Presentation of each project in the group; see detailed instructions for presentations in Parallel Session I on the next page.
- Parallel Session II: Following Session I, delegates discuss past and future challenges, future needs, possible synergies, roadmaps, etc., in their topic. They prepare a joint plenary presentation summarizing the outcome of Sessions I & II.

Delegates will be guided through the parallel sessions by representatives of the funding organizations and scientific expert.

Plenary session

There will be one joint presentation per topic, prepared during Parallel Session II, about the big picture of the major achievements and upcoming challenges in each topic; see the detailed instructions for presentations in the Plenary Session on the next page.

Video dissemination

In order to better promote the activities undertaken by its funded projects and in line with Responsible Research and Innovation actions, the CHIST-ERA consortium has decided to organize a video dissemination on a voluntary basis. The goal of short-videos is to provide a general presentation aimed at the greater public of the research project and its main (planned) achievements. All videos will be displayed: during the project seminar, on the CHIST-ERA website and other communication means.

Video dissemination rules:

Maximum duration: 3 minutes

Scope: explanation of the project aimed at the greater public

Deadline for submission: April 3, 2025

Participants can submit their videos via [this website](#).

If needed, the video can be hosted on the YouTube channel of CHIST-ERA.

Demo/poster presentation

Project representatives are encouraged to prepare an interactive demo in relation with their project. The demos will all be presented in the same room and in parallel. Power supply and desks will be available, but delegates need to bring their own hardware (laptops, data storage, etc.). Should you have any further question, please contact the organisers.

Projects that are not ready to present a demo can bring a poster (A0, portrait format) instead, which will be displayed in the room where the demo session takes place. A poster accompanying a demo is welcome as well.

INSTRUCTIONS FOR PARTICIPANTS

Instructions for presentations in the Parallel Session I

Before the seminar, every project should prepare a presentation for the breakout parallel sessions. The contents of the presentations of each project (about 7-15 min), to be prepared in advance, include:

- Scientific background
- Key challenges and potential impact of the project
- Presentation of each partner of the consortium with their specificity and added value
- Main scientific results, dissemination, and other output
- Sustainability/ Technology Transfer/Exploitation

Minutes max. per project presentation (including Q&A):

Call 2020: BCI	25 mins/project
Call 2020: S-ICT	18 mins/project
Call 2021: NOEMS	20 mins/project
Call 2021: OSNEM	25 mins/project
Call 2022: SPiDDS	12 mins/project
Call 2022: WAI	25 mins/project
Call 2023: MultiGIS	15 mins/project
Call 2023: SmartC	30 mins/project
Call ORD	10 mins/project

Each participant presenting the project connects own laptop with HDMI to the screen.

Instructions for presentations in the Plenary Session

There will be one joint presentation for each topic (up to 15 min, including Q&A), to be prepared during Parallel Session II. Google slides will be used during breakout sessions to create a joint presentation.

The contents shall cover:

- a short introduction into the topic or the projects
- the big picture of the major achievements and outputs
- upcoming challenges and needs
- a possible roadmap

Delegates are encouraged to prepare or think about possible contents for the joint plenary presentation in advance.

You Tube LIVE STREAM

The conference will be held physically, A YouTube stream of the Day 1 (8 April) plenary session will be set for those who are interested in the meeting. You can use YouTube if you do not actively engage with the speakers. A recording will be available after the meeting at the [YouTube channel](#).
