Purpose and concept

The *CHIST-ERA Workshop on Open Science in Transnational Research* brings together experts in Open Science, researchers involved in the ongoing CHIST-ERA projects as well as representatives of the research funding organisations. The aim of the workshop is to address the challenges concerning Open Science faced by researchers working transnationally and, correspondingly, elaborate an Open Science policy for European multilateral programmes of research funders like CHIST-ERA. In this context, the main objectives are:

- Discuss common practices in transnational research and challenges faced by researchers;
- Elaborate minimum standards for Open Science based on the current landscape;
- Determine the needs in terms of tools, platforms and funding instruments for the implementation of transnational policy.

The output of the workshop will be a proposal of an Transnational Open Science Policy (TOSP) to be implemented in the future CHIST-ERA calls.

Contact information of the organisers

Dr. Ahmad Zein Assi
Scientific officer

Format of the workshop

The core programme of the workshop is divided into two parts covering the three objectives of the workshop (see the programme on the previous page).

- **Morning plenary session with presentation of experts in Open Science**
- **Parallel Sessions with topic-specific discussions and preparation of a plenary presentation**
 - ✓ Session I: Open Access – policy, platforms, support
 - ✓ Session II: Open Research Data – policy, platforms, support, reproducibility
 - ✓ Session III: Policy drafting/negotiation and Data Management Plan for CHIST-ERA

Practicalities

Instructions for the parallel sessions

The content of the presentation of each parallel session (about 15 min), to be prepared in advance, may include

- State-of-the-art (current practices, examples)
- Key challenges and obstacles
- Recommendations for CHIST-ERA
- Potential impact

Location of the workshop, networking dinner, accommodation

Workshop venue

The seminar takes place in Bern, Switzerland, at the Swiss National Science Foundation (SNSF), see MAPs 1 and 2 below with the locations of the workshop rooms. The meeting is organised by the [SNSF](#), a CHIST-ERA partner.

Bern is the capital of Switzerland. The population of the city is roughly 140 000 and Bern is the fourth most populous city in Switzerland. The center of the city is surrounded by the river Aare and its historic old town became a UNESCO World Heritage Site in 1983.

How to reach Bern and the workshop at the SNSF

- **By plane to Switzerland and by train to Bern:**
All three major Swiss airports (Zurich, Geneva or EuroAirport) are within 1 h 15 to 2 h by train from Bern. The train timetable for national trains within Switzerland can be found [here](#).

- **Within the city of Bern:**

Leave the train station in Bern via the "Welle" pedestrian overpass above platforms 1–13 (see MAP 1 below). As soon as you have negotiated the two flights of stairs, turn left and follow the large train tracks of the train station along Stadtbachstrasse. After about 300 m, Wildhainweg branches off to the right. Walking time: 5 minutes. See MAP 3 for further information on local public transportation.

- **By car:**

Leave the A1 Zurich–Lausanne–Geneva motorway at the Bern Forsthaus exit and continue on straight until you reach the Insel Spital parking on your left. Immediately after, turn left, cross the red bridge and turn right into Stadtbachstrasse. After about 300 m, Wildhainweg branches off up a steep street to your left. A very limited number of parking spaces is available.

Networking dinner

A networking dinner will take place at the restaurant [Veranda](#) on the evening of Thursday 5 March from 19 h 00 till 22 h 30. See MAP 4 below for the itinerary from the SNSF to Veranda restaurant.

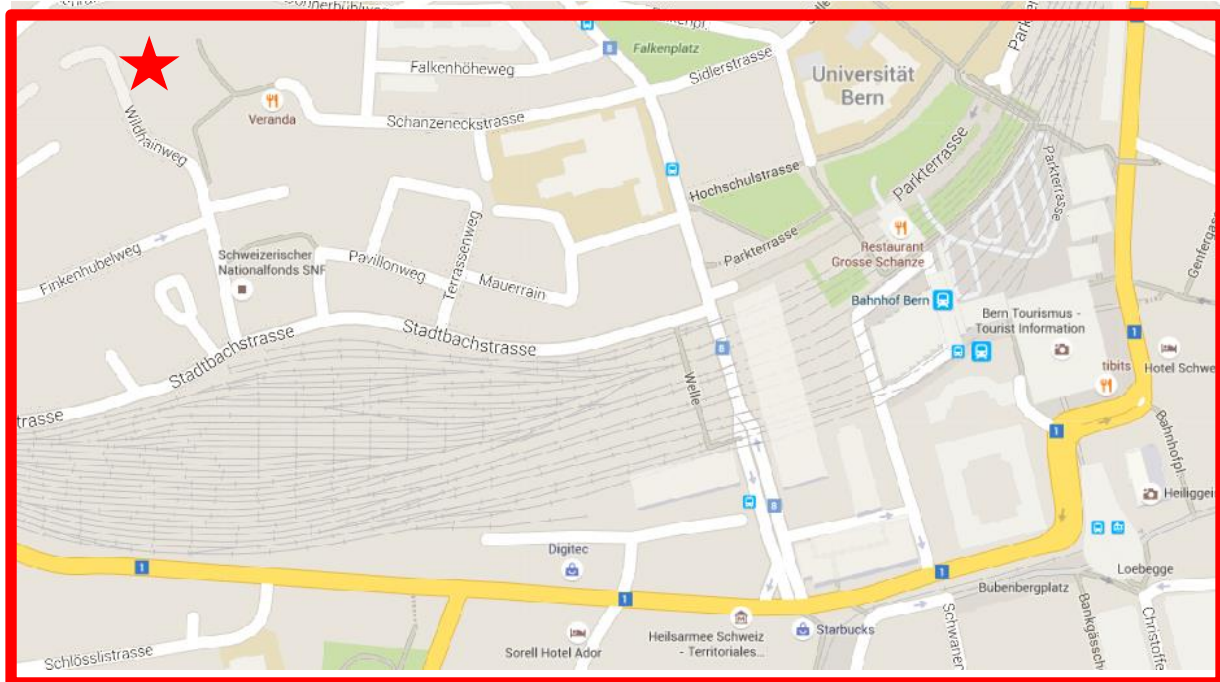

Accommodation:

CHIST-ERA meeting attendees are invited to book their accommodation on their own. Several hotels are located nearby or easily reachable with the public transports (see MAP 3 below). We suggest some options:

- [Hotel Ibis budget Bern Expo](#)
- [Hotel Ibis Bern Expo](#)
- [Hotel Novotel Bern Expo](#)
- [City hotel Metropole Bern](#)
- [Hotel City am Bahnhof](#)
- [Holiday Inn Bern – Westside](#)
- [Hotel Bern](#)
- [Hotel Arabelle](#)
- [Hotel Ador](#)

For further information, you may also contact the [Bern tourist office](#).
