1. Introduction

1.1. About your proposal

All documentation relative to the call is provided on the following CHIST-ERA website page: <https://www.chistera.eu/call-2022-announcement>.

Prior to submission, the project coordinator must carefully read the call announcement and prepare two documents following the templates available on the call page:

- **A project proposal document**, to be submitted in PDF format;
- **A project financial plan**, to be submitted in Excel format.

1.2. About the submission system

The CHIST-ERA electronic submission system is based on the French National Research Agency (ANR) electronic submission platform. The present document is designed to guide you through the submission process and ensure a smooth submission.

Note that some features of the submission platform are not used for this call and that some fields in the interface can be safely ignored. This is for example the case of the detailed financial information, which is instead provided by uploading the aforementioned financial plan. When it occurs, it will be mentioned in this document.

Each modified page in the submission platform must be saved (using the “Save” button) before going to another page.

1.3. Roles in the submission process

A consortium is composed of project partners represented each by a Principal Investigator (PI). The project coordinator creates the proposal in the submission system and adds the other project partners. The partner PIs are automatically informed by email. The email invites them to log into the system in order to complete, check or modify the information provided by the coordinator about them. It is the responsibility of the coordinator to ensure that the partner information is properly filled in. When the proposal is complete, the coordinator can lock it, which prevents the other partners to update their information. Only the coordinator is allowed to modify the project-level information.

2. How to connect

The coordinator and the other PIs can connect to the website in the following way.

2.1. Submission website

The electronic submission system for the Call 2022 is available at the following URL:

<https://aap.agencerecherche.fr/layouts/15/SIM/Pages/SIMNouveauProjet.aspx?idAAP=1894>

NOTE: The call, published in October 2022 and for which projects are selected in 2023, is considered as part of the 2023 edition in the submission system.

NOTE: The user interface is bilingual (French and English). Click on the flag on the upper-right side of the screen to reach the pages in English. You can change the interface language at any time.

2.2. Create a proposal

The welcome page of the submission system is shown below. Fill in the form with your email to create a proposal and you will receive a validation confirmation by email.

Once you have entered your email and created a proposal, if you already have an account on the ANR submission website, you can go directly to the authentication page. If you have forgotten your password, you can ask for a new one on the authentication page.

Welcome to the ANR's online project submission platform.
You selected the Call:

Some tips to help you during the submission stage

- Each modified page must be saved before going to the next one. If you do not click on save, all the information you entered after the last save will not be preserved.
- Be careful about the Call closing date and time. No changes will be possible after the submission deadline.

We thank you for your interest and wish you a successful submission.

Note that the webpage corresponds to CHIST-ERA Call 2022, but indicates CHIST-ERA Call 2022 2023, because for the ANR (at the national level) the call is within its 2023 Work Programme.

2.3. Activation of your account

2.4. Authentication page

The screenshot shows the 'Authentication Page' with a header containing French and UK flags. Below the header are two input fields: 'Email address:' and 'Password:', each with a blue arrow pointing to a callout box. The first callout says 'Insert your e-mail address' and the second says 'Insert password'. A blue 'Validate' button is positioned below the password field. Below the form, there is a link for 'Forgotten password / Generate a new password' and a CAPTCHA area. Further down, there is text about submitting proposals and contact information. A 'Remarks' section lists browser settings advice. A 'Message to experts and committee members' section explains account requirements. A blue box highlights the 'Forgotten password' link and contains the text: 'If you have forgotten your password, you can provide your e-mail address here to get a new one.' Below this text is a smaller screenshot of the 'Forgotten password' form, which has a single 'Email address:' input field with a red asterisk, a 'Validate' button, and a 'Back to the authentication page' link.

2.5. User role

After validation, you are asked to choose your user profile:

- Project Coordinator (can modify all the information)
- Project Partner (can modify its own information, where appropriate)

Only the coordinator role allows to create a new proposal in the submission system: Select “Project Coordinator” and click on the “Access” button.

The screenshot shows a form titled 'Choose your user role :'. It features a dropdown menu labeled 'Role :' with 'Project Coordinator' selected. Below the dropdown is a blue 'Access' button.

The 'Partnership and tasks' tab is active. Below the tabs, there are flags for France and the UK. The main heading is 'Partnership'. Below the heading, there are three paragraphs of text: 'The project coordinator specifies each partner and the principal investigator (PI) of each partner.', 'Any PI indicated in the table below has access to the project, his/her login being the registered email address. If necessary, he/she can generate a new password from the home page.', and 'Note that users with only the scientific team member role do not have an account to log into the application. At each change made, the PIs of the concerned partners are informed by e-mail.'
