FORMAT OF THE PROJECTS SEMINAR

This year the conference will take place in Bratislava, Slovakia. The core programme of the Projects Seminar is divided in 2 days; see the agenda on the previous page. Please note that the day 1 plenary session will be live streamed at [CHIST ERA YouTube](#) channel and the video will be publicly available.

Day 1 (Tuesday, 4 April): Plenary sessions on connecting CHIST-ERA science with society in the morning & round tables.

Per Topic Parallel Sessions with project presentations, discussions and preparation of the plenary presentation in the afternoon.

Day 2 (Wednesday, 5 April): Cross Topics Plenary Sessions with one joint presentation per topic

Parallel Sessions

The parallel sessions are organized by topics or groups of topics to foster exchange of ideas and collaborations among CHIST-ERA projects in the same topic. The final goal is to compile a joint presentation for the Plenary Session.

- Parallel Session I: Presentation of each project in the group; see detailed instructions for presentations in Parallel Session I on the next page.
- Parallel Session II: Following Session I, delegates discuss past and future challenges, future needs, possible synergies, roadmaps, etc., in their topic. They prepare a joint plenary presentation summarizing the outcome of Sessions I & II.

Delegates will be guided through the parallel sessions by representatives of the funding organizations and scientific expert.

Plenary session

There will be one joint presentation per topic, prepared during Parallel Session II, about the big picture of the major achievements and upcoming challenges in each topic; see the detailed instructions for presentations in the Plenary Session on the next page.

Short-video contest

In order to better promote the activities undertaken by its funded projects and in line with Responsible Research and Innovation actions, the CHIST-ERA consortium has decided to organize a short-video contest on a voluntary basis. The goal of the submitted short-videos is to provide a general presentation aimed at the greater public of the research project and its main (planned) achievements. A vote for best video will be organized during the Project Seminar meeting. All videos will be displayed: during the project seminar, on the CHIST-ERA website and other communication means. The contest laureate will benefit from a special feature on the CHIST-ERA website and through all communication channels.

Short-video contest rules:

Maximum duration: 3 minutes

Scope: explanation of the project aimed at the greater public

Voting: an online voting system will be set-up.

Deadline for submission: March 28, 2023

Participants can submit their videos via [this website](#)

If needed, the video can be hosted on the YouTube channel of CHIST-ERA.

INSTRUCTIONS FOR PARTICIPANTS

Instructions for presentations in the Parallel Session I

Before the seminar, every project should prepare a presentation for the breakout parallel sessions. The contents of the presentations of each project (about 7-15 min), to be prepared in advance, include:

- Scientific background
- Key challenges and potential impact of the project
- Presentation of each partner of the consortium with their specificity and added value
- Main scientific results, dissemination, and other output
- Sustainability/ Technology Transfer/Exploitation

Minutes max. per project presentation (including Q&A):

Call 2018: SDCDN	22 mins/project
Call 2018: ACAI	22 mins/project
Call 2019: XAI	10 mins/project
Call 2019: CES	20 mins/project
Call 2020: BCI	22 mins/project
Call 2020: S-ICT	20 mins/project
Call 2021: NOEMS	22 mins/project
Call 2021: OSNEM	22 mins/project

Each participant presenting the project connects own laptop with HDMI to the screen.

Instructions for presentations in the Plenary Session

There will be one joint presentation for each topic (up to 20 min, including Q&A), to be prepared during Parallel Session II. Google slides will be used during breakout sessions to create a joint presentation.

The contents shall cover:

- a short introduction into the topic or the projects
- the big picture of the major achievements and outputs
- upcoming challenges and needs
- a possible roadmap

Delegates are encouraged to prepare or think about possible contents for the joint plenary presentation in advance.

You Tube LIVE STREAM

The conference will be held physically, A YouTube stream of the day 1 (4 April) plenary session will be set for those who are interested in the meeting. You can use YouTube if you do not actively engage with the speakers. A recording will be available after the meeting at the [YouTube channel](#).
